EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Frank J. Uxa on 10/12/2004.

The application has been amended as follows:

Canceled claims 120 and 135.

Claim 113 (current amended). In line 1 after "toxin" inserted --- type A --- In line 4 after "vector" deleted " includes a weak inducible promoter relative to a T7" inserted --- is T7lac ---

Claims 113-117, 121 and 124 are allowed.

2. The following is an examiner's statement of reasons for allowance: Applicants insist that the claimed method is an unexpected result for producing a recombinant botulinum toxin type A in a soluble form by using T7lac promoter in a prokaryotic host cell because the state of art teaches away from the claimed invention in that T7lac promoter can be used for expressing large quantity of recombinant protein, however, most of the protein is expressed and accumulated in insoluble inclusion bodies as evidenced by Nassau et al. (J. Bacterio. 1996, Vol. 178, No. 4, pp. 1047-1052, see abstract) and Hill et al. (Arch. Biochem. Biophy. 1996, Vol. 336, No. 2, pp. 283-289, see abstract).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
